Customized wine cellar system in traditional hard wood.

Wooden wine cabinets create high level of design flexibility, stain finishes (light to dark, lacquer to matt) and racking options in both sliding and fixed presentation shelves.

Wine Walls

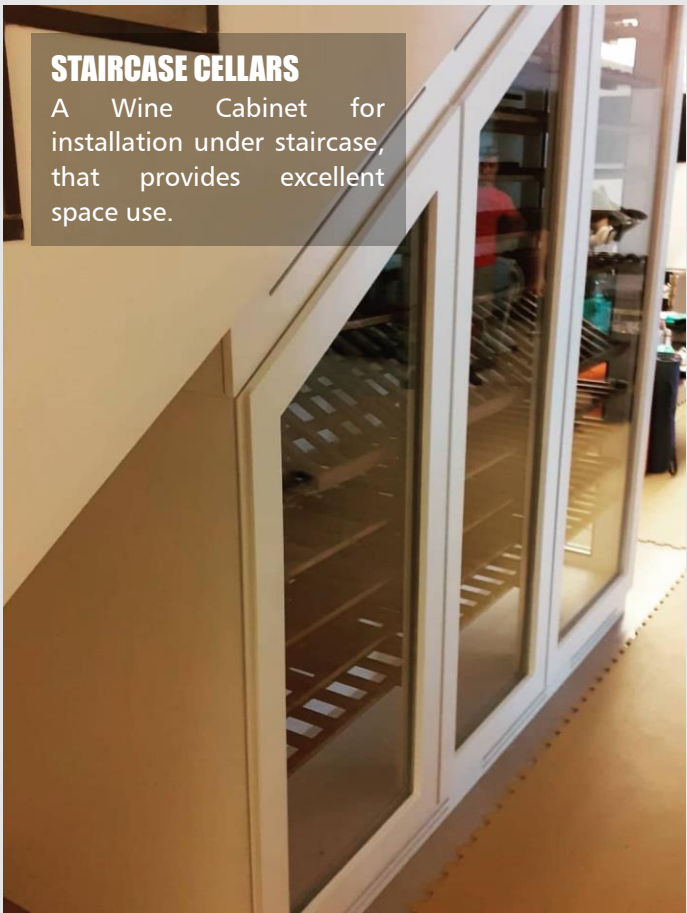

Custom built sections are placed and connected together to create wine walls with multi temperatures.

Wooden Cellar Galleries

STAIRCASE CELLARS

A Wine Cabinet for installation under staircase, that provides excellent space use.

Specialty Wine Cabinets

Specialty wine cabinets provide advanced customizations in design finish and fabrication such as gold and bronze finishing.

Ultra slim wine cabinets

Creating a wine cellar for places with limited spaces such as kitchens, back bar or a library that exudes elegance and class. Featuring:

- Custom wooden stain.
- Multi racking system for presentation and storage.
- Mono zone for wine ageing.
